

**Chat for Class 2, Part 1:**

Cathleen: Trees are tubes of light!

Claire: It looks like Scotland

**Chat for Class 2:**

Claire: A Hawk stopped in front of me on my walk today

Nancy F: Are the fairies related to sylphs.

Cathleen A: Please expound upon the relationship of Aires and Thor and the sylphs and the Holy Spirit.

Lisa M: My sister had her 60th birthday party last summer. There were many people and we had special Chinese balloons that flew with the power of a candle. It was sooooo windy that we couldn't light them. I said to my sis, "Tell the wind to stop". She laughed and told the wind to stop and it stopped as quickly as she said it. Everyone was happy and we were able to light the kites. Mimmy and I still laugh about stopping the wind.
