

Event Youth Scholarship Process

The Hearts Center Community is committed to serving young people who are interested in bettering themselves and fulfilling their life's purpose. Our events offer a safe and cool environment where you can be in fellowship with other young hearts like yourself, where you can find answers to many of life's questions and where you can experience greater levels of connection with your spirituality.

It's easy to apply. Here's how:

1. Download application attached in the email. It is in Word format so that you can just type in your answers.
2. Once application is completed email it to xmariom3x@yahoo.com.

The Youth Scholarship Team will review your application based on your explanation of what you expect to spiritually receive from our retreat event. If you have ever attended a previous event, you will be asked to share how that event influenced your life.

Based on applicant responses and funding, the review team will make their decisions, notifying each applicant.

Tips on how to attract what you desire

We encourage you, even while submitting your application, to put into practice these alchemical tools to co-create with God your desired outcome:

- Be thankful for what you have.
- Visualize as already done the request you are making of the universe
- Create a treasure map
- Observe your language patterns and speak words to magnetize your desires
- Use I AM affirmations
- Feel the joy of your prayer already answered
- Have pure motives

We look forward to hearing from you and helping you get to Livingston, Montana for our World Freedom Conference. Here's a link to the event page for more info:
