How to Love
El Morya More

“I send a ray to each one of your hearts to engage you in the dynamism of God's will this year, 2017. And by the conclusion of this year, when you look back and see all that has transpired because you were determined to give your utmost to the will of God, then, blessed ones, you will smile and we will smile with you. You will laugh and we will laugh with you the laughter of divine happiness and joy.

Yet you must make that commitment first within yourself to your God Presence, to the ascended masters and to those who sponsor you and offer you opportunities to serve and to give.”

“Accelerated enlightenment of civilization as a whole”

“How can we help illumine, awaken and enlighten everyone? By being that light ourselves, by retaining our Buddhist state of beingness, from which and through which we emanate light that itself illumines, enlightens and highlights the brightest, the best, the most beautiful and brings it into focus, into proximity within our lives.”

“Once we are quickened, illumined and enlightened, it is incumbent upon us to also help others—to help quicken, illumine, enlighten them. . .”

El Morya Enfires Us To Be Men and Women of Action

Jan. 31, 2017

“I AM a master of action, and I ask
you. . .to be men and women of action.
Much is at stake in this hour for America and
the world, and we see on the horizon
many changes, even as they are already
being outpictured in your world.”

I AM a Man/a Woman, of Action

10.011 B

Upon arising you may say:

“O Lord, show me the way to go. Act through me, manifest through me, live within me and blaze forth your light through my heart, through my mind, through my will and my soul every moment of this day so that your will, your wisdom and your love may be fulfilled through me this day, O my beloved One, my God, my all.”

On Caring

“Caring is compassion in action” and **“El Morya cares about the will of God** as a cosmic virtue. . .and as something that is also tangible and personal for each one of us, as the overarching purpose of our lives. . .”

“When we love the will of God, we facilitate it within our lives by consciously working with it, considering it in every situation. We put God and God's ideation of perfection first and foremost in any given situation, in any project, in the investment of our time and energy. “ Mar. 25, 2016

A Note from El Morya

“I will hold a flowfield of divine love, wisdom and power around each one who reads and studies this instruction so that you may more easily rise into the crystalline patterns of perfection that whirl and swirl throughout your auras as your Higher Self opens the portal of your heart-mind connection to our realm.” Pages 3-4

Thomas Moore is often considered Ireland's national bard. He was most well known as a translator, singer, balladeer, and poet.

Believe me, if all those endearing young charms,
Which I gaze on so fondly to-day,
Were to change by to-morrow, and fleet in my arms,
Live fairy-gifts fading away,
Thou wouldst still be adored, as this moment thou art,
Let thy loveliness fade as it will,
And around the dear ruin each wish of my heart
Would entwine itself verdantly still.

It is not while beauty and youth are thine own,
And thy cheeks unprofaned by a tear,
That the fervor and faith of a soul may be known,
To which time will but make thee more dear!
No, the heart that has truly loved never forgets,
But as truly loves on to the close,
As the sunflower turns on her god when he sets
The same look which she turned when he rose!
-Thomas Moore

Let the Twinkle of Mirth Abound on Earth

“To possess a good sense of humor is to be greatly blessed; but if you are not so naturally blessed, you can always call to any of us and we shall be oh, so grateful for that call which will enable us to give you the sense of humor that is so much a part of the consciousness of the ascended host. . . .”

“So, to bring you divine illumination that emanates from above the stars and is sent from my heart to yours with a twinkle! again I say—

Let the twinkle of mirth
Abound on earth!”

Stillness and Meditation

Morya “says that meditation is a type of spiritual shower that we take within stillness. It helps to recondition our senses to experience the sublime world, . . .”

“Meditation soothes the overstimulated neural network. . .” and
“mollifies those sensory cells and the experiences that we have through them so that they can begin to feed more on solar light. . .”

“Silence allows us to hear the divine voice within us and to feel the divine impulses of ESP. . .”

Purity Determines Spiritual Balance of Power

“Thus a handful of dedicated, selfless individuals can make the difference in the spiritual balance of power for the entire planet, irrespective of the particular religious edifice they may or may not occupy; for God has planted his seeds in the waste places and in the gardens which flourish, that all may be blessed with the abundance of every good and perfect gift. That God is no respecter of persons or systems is attested to by the saints in heaven who have arisen from every age and walk of life under the common banner of charity whose tenet is supreme allegiance to that life which is God and that God which is love in action.”
